## OF APPRECIATION

THIS CERTIFICATE IS PRESENTED TO

These 88 constellations divide the entire night sky as seen from Earth.  
Star maps are made from the brightest stars, and the patterns they form  
give rise to the constellation names.

## OF ACHIEVEMENT

THIS CERTIFICATE IS  
PROUDLY PRESENTED TO

The origins of the first constellations date back to prehistoric times. Their purpose was to tell stories of their beliefs, experiences, creation, or mythology. The recognition of constellations has changed over time. They varied in size or shape, others became popular and then were forgotten, and some were limited to a single culture.
